

# VACMAN Controller Deploying VASCO Authentication Package Overview

*Experience, Expertise, Methodology, Resources, Tools, and Proven Success...*

*The VACMAN Controller Deploying VASCO authentication package provides you with all the components necessary to achieve your authentication objectives based upon VACMAN Controller*

## Industry leading expertise and experience

VASCO's team of authentication professionals will bring their considerable experience directly to your VACMAN Controller integration project. You will benefit from VASCO's proven methodology that is derived from the hundreds of authentication projects conducted by our industry experts.

No longer will the realization of your strong authentication project be hindered by a tight budget, lack of resources availability, aggressive schedule requirements, or required product knowledge. VASCO will assist you in identifying and achieving your authentication objectives ensuring a future-proof solution already effective today. Our expertise has been bundled into a single, complete package that brings you security and peace of mind.

## A packaged solution

The VACMAN Controller Deploying VASCO Authentication Package consists of all that is required to successfully deploy two-factor authentication, electronic signature, and provisioning in conjunction with your online application. Our convenient bundle presented by VASCO engineers contains:

- **Best practice training for testing (availability monitoring, load testing)**
- **Troubleshooting & support during pilot**
  - On-Site (max. 2 days)
  - Remote (Telephone and E-mail over a period of max. 30 days)

## Efficient and effective

VASCO's Project Management team will coordinate your authentication project with a VASCO engineer dedicated to your design project. On your schedule and within the convenience of your office location, trainings and workshops will be organized to finalize the design of your VASCO Authentication project.

## Ensuring your security investment

Industry leading expertise and experience combined with the efficiency and effectiveness of a comprehensive bundle. By engaging with VASCO's Professional Services team you will be able to meet all of your requirements in the most cost-effective manner possible.
